**Get to Know Our New Psych Advisor:**

**Chanelle Denman**

My name is Chanelle Denman, and I am excited to join the psychology advising team. I have been an academic advisor with Washington State University for over eight years, advising in the Carson College of Business and the Academic Success & Career Center. Academic Advising for me is not just about helping you work through your academic degree program and making sure you are on track for graduation. It is also about the journey and experiences that you explore and embark on while at WSU that help you achieve your goals. When I am not working, you can find me at the ice rink managing my son’s hockey team, attending a Spokane Chief’s game, or enjoying a good book with my cat, Smidget.

University Writing Portfolio

Have you completed 60 (or more) credits and have not submitted your university writing portfolio?

If you answered yes to both statements above then you need to submit your university writing portfolio prior to enrolling for fall 2023 courses. There is still time to submit your writing portfolio before priority enrollment opens on April 10.

Anyone with 60 credits or more who has not turned in the writing portfolio will have a UWP hold on their account. This hold will prevent you from enrolling in fall courses.
