

PSYCH NEWSLETTER

WSU DEPARTMENT OF PSYCHOLOGY

Psych students,

Registration for summer begins today! Summer is great opportunity to take a Global course and courses that are not taught in Pullman (for example, Addiction Studies). Visit summer.wsu.edu to learn more about enrolling for summer.

Psych advisors have begun to advise for summer/fall 2024. If you have not already done so you are encouraged to schedule an advising appointment soon. Refer to the email that your advisor sent regarding fall advising or use [this link](#) to learn how to schedule an appointment.

The fall 2024 schedule of classes is now available at schedules.wsu.edu. Priority enrollment for fall 2024 will begin on April 8. Fall enrollment dates and shopping carts are scheduled to be available in myWSU sometime during spring break (March 11-15).

Next week is spring break! We hope that you all take time to relax and recover a bit before you come back to finish the semester strong!

Happy reading!

Areli Orozco
WSU McNair Scholar
Psychology Major

Dr. Ronald E. McNair
Astronaut and Physicist

Apply now on our website!
Priority Deadline is March 22

Email: McNair.gs@wsu.edu
Website: McNair.wsu.edu

UC Irvine Post-Baccalaureate Program in Psychological Science

The UC Irvine Post-Baccalaureate Program in Psychological Science is a certificate program that combines psychology coursework with research and/or internship experience.

Our post-bacc program is designed for people who: 1) Have a bachelor's degree (in any discipline) and 2) Are interested in a psychology-related graduate program, career development, or career change and 3) Could benefit from additional coursework, research and/ or hands-on work experience in psychology. Those interested in a doctoral-level or master's degree programs in a range of areas of psychology (including clinical/counseling psychology, social/personality psychology, developmental psychology, health psychology, psychology & the law, and school psychology) or health (e.g., public health, medical school) can strengthen their graduate school applications by completing our program, which offers an individualized course of study based on each person's qualifications and goals. Students who have completed our program have been accepted to a wide variety of graduate programs, including Ph.D. programs at UC Berkeley, the University of Pennsylvania, UCLA, and UT Austin; Psy.D. programs at Xavier University, Baylor University, and Yeshiva University; and Master's programs at the University of Michigan and the University of Southern California.

Program Components

The program consists of eight courses, which may include lower- and upper-division lectures, small seminars (including advanced statistics and research methods), hands-on research lab courses, and/or hands-on internship courses. The program can be completed at the student's own pace, in as little as 9 months or in as many as 24 months, depending upon one's schedule and preferences. A faculty advisor will work closely with students to help plan courses and provide guidance on obtaining letters of recommendation, choosing graduate programs, writing personal statements, and applying for jobs. In addition, students will have the opportunity to attend our weekly departmental colloquia and other special events and to interact with our community of faculty, researchers, and graduate students.

Applications

The application deadline for Fall 2024 is April 15, 2024 for domestic students (February 15, 2024 for international students). For more information, visit: <https://tinyurl.com/y4r8r7ye>

INDUSTRIAL-ORGANIZATIONAL PSYCHOLOGY

Apply psychology to the workplace by using psychological principles and research methods to solve problems and improve the quality of work-life. They study issues such as workplace productivity, management or employee working styles, and employee morale. They also help with policy planning, employee screening and training, and organizational development.
