

REQUEST FOR LETTER OF RECOMMENDATION The Honors College

As a service to our students and upon request, faculty in the Honors College will prepare a letter of recommendation. Since these are often extremely important in admission to graduate and professional school, in competition for scholarships, and in applying for jobs, it is best if they are written by a faculty member who knows you very well. **We encourage you to request letters of recommendation from faculty with whom you have worked closely.** If you would like us to prepare a letter for you, please complete this form and attach any supporting documents and/or applications.

Note that we will require a minimum of TWO WEEKS to complete this request.

Who from the Honors College are you asking to write this letter of recommendation?
