

As we transition to distance learning, please be aware that Crimson Community Grants may be able to help if you are facing issues engaging in classes due to financial need, such as a lack of access to technology or the internet.

Undergraduate, graduate, and professional students system-wide experiencing financial hardship may be eligible for a Crimson Community Grant between \$200-\$1000 if they have sufficient unmet need in their aid package and meet income guidelines. Funding restrictions limit this award to Washington residents.

Further information and the application can be found at <https://provost.wsu.edu/ccg/>
