

ACG Notes

5/17/2021

- No UAAEC Report – (No May Meeting)
- Reinstatement Report:
System-wide deficient number of students is 1,863. 87 students are now off list due to No Record Covid grade. 7 students came off due to general grade changes.
Reinstatement staff are working daily on their list. Students notified via email when removed from list. Fee for reinstatement application is nonrefundable.
- Fall Advising Update—Checking on what advising units are doing:
Many unknown details at this point. Departments are waiting for decisions to be made when we get more advice and guidance from leadership. Hybrid advising will still be the plan for most departments including some online and some in-person with masks. The University is striving to have some in-person experiences for students. Some departments/offices do not have enough room to socially distance. Something to note is that advisors noticed fewer shows when virtually advising compared to advising in their offices. Some departments are meeting already with students in office/in-person with proper distance.
- Advising Updates:
Question posed: during pre-Alive presentations- is there a possibility to use the last 10 mins to discuss various programs and opportunities within their department. Could advisors see what the Orientation Counselors are trained to present? To more co align with what the advisors are presenting. Will bring up at the next meeting as well with New Student Program.
