

**Safety Training and Orientation Checklist for**  
**Agricultural Automation Engineering Research Groups**

Trainee Instructions: Print Training History from the Percipio Compliance training website by selecting your name and then Training History. Bring Percipio Compliance transcript, Responsible Conduct of Research certificate, completed safety orientation checklist, and this form to your supervisor for verification. After verification make two copies of the materials and give the original to the BSE main office, give one copy to your supervisor and keep the final copy for your records.

Supervisor Instructions: Verify that training has been completed and sign below. Keep a copy for your records.

**Required general safety training for all Biological Systems Engineering faculty, staff, students, volunteers, and visitors:**

- [Safety Orientation Checklist](#) – this checklist is to be completed in-person AFTER successfully completing ALL the on-line courses.
- Asbestos Hazard Awareness
- Back Safety and Injury Prevention
- Discrimination and Sexual Harassment Prevention
- Distracted Driving
- Driver Safety
- Emergency and Fire Safety Preparedness
- Ethics in Public Service
- Field Research Safety
- Hazing Prevention
- Heat Stress (required to retake annually)
- ITS – Cyber Security Awareness Training (required to retake annually)
- Office Ergonomics
- [Pesticide Worker Protection Standard Training](#) (required to retake annually, located on a different training site and has a separate certificate)
- Portable Fire Extinguisher Safety
- Slips, Trips and Falls
- University Laboratory Safety - Working Safely

**Laboratory safety training required for any Biological Systems Engineering faculty, staff, students, volunteers, and visitors who are working in laboratories.** A laboratory is defined as a space that contains chemicals other than water or atmospheric air, either liquid or gaseous; has rotating or crushing equipment; has any gases stored under pressure, or other identified hazards.

- PPE – Eye and Face Protection
- PPE – Hand Protection
- Risk Assessment
- University Laboratory Safety – Analyzing Chemical Hazards
- University Laboratory Safety – Analyzing Developing and Using Controls
- University Laboratory Safety – Analyzing Physical Hazards

**Office of Research Specific Training**

- [Physical Science Responsible Conduct of Research Training](#) - This course is located in a different training system, follow the link to be redirected to the training. Be sure to save the training certificate.
