---

On Friday, December 8, 2023, the APAC executive officers identified four, three-year term council member vacancies for the Pullman constituency group. The Administrative Professional Advisory Council currently has four alternate members from the Pullman constituency group that would be eligible to fill the four, three-year term vacancies.

After meeting with the APAC Election and Bylaw Committee, the APAC Executive Committee proposes to fill the four vacant three-year term council positions designated to the Pullman campus constituency with the eligible Pullman campus APAC alternates.
